The buildings and campus join to create a compact, smoothly-run community, which is essential to the continuance of a fine, democratic life of today, and to the commencement of a progressive postwar world of tomorrow. Rewot and Egdirb feels the responsibility and necessity of its developing new and supremely superior commodities for the advancement and advantage of the world in general, and Cincinnati in particular. All the personnel of this great company work for perfection. Twenty-seven years of exacting development and highest quality have given Rewot and Egdirb its position of leadership in the field of produce for finer articles are now being made. The stock falls into two general headings and four subordinate classes. The main two are: first, those products which are suited to the sophisticated element of our patrons; and second, goods which appeal to the unsophisticated buyers. We have merchandise to please you, you, and YOU! It is with great hope that we look to the coming years with an optimistic view of our past, present, and future products—prospects unlimited!

REWOT AND EGDIRB

Presents

We endeavor to uphold the fine traditions—fair play, honesty, and loyalty—of this, our heritage.

Rewot and Egdirb—Tower and Bridge: those symbols of an institution of democratic education have inspired Tiny Tots, Elegant Essentials, and Jaunty Juniors to strive to become De Luxe Models since Withrow opened its doors in 1919. Realizing that man is capable of building traditions, the earlier teachers brought their firm beliefs in a Democratic Republic into the first class-rooms; and they encouraged their students to take these to their hearts, making them, along with fair play, honesty, and loyalty, a part of the great traditions. With respect, but humor, our catalog advertises:

A TAKE-OFF ON THE RENOWNED SEARS-ROEBUCK CATALOG.
A RESUME OF THE YEAR'S EVENTS OF WITHROW HIGH SCHOOL.

AS SEARS, ROEBUCK AND COMPANY is to the public at large so Rewot and Egdirb is to Withrow in particular. Rewot and Egdirb takes pleasure in presenting its own catalog of fads, fashions, personalities, and personnel of this year at Withrow High School. This is not only an institution of learning for the youth of Cincinnati but it is a large business concern, also, with all the problems of management. Henceforth in this annual, to which reference will be made as catalog, Withrow High School will take the corporation name of Rewot and Egdirb.

REWOT AND EGDIRB

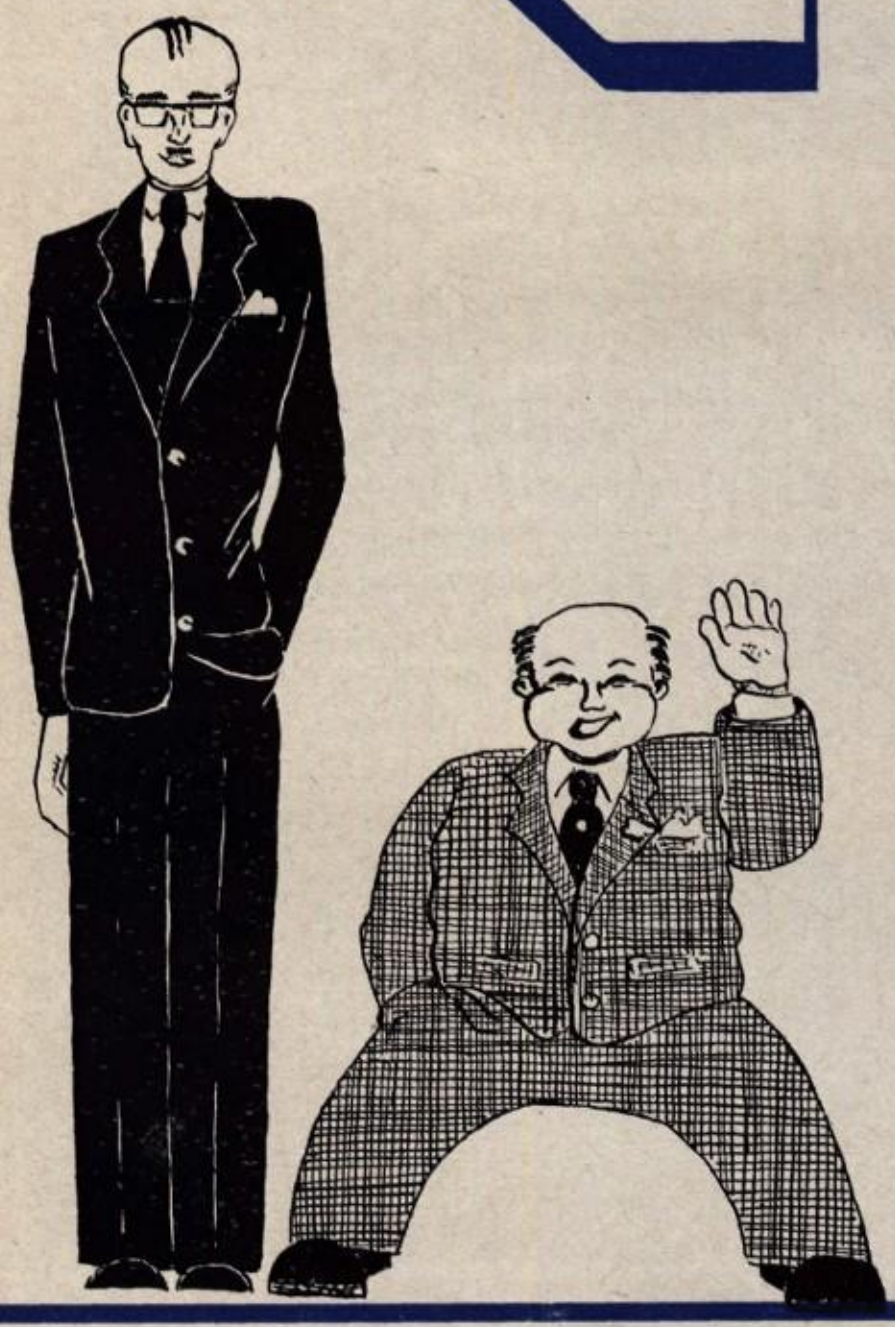
Introduces



The craftmanship in processing raw materials is supplied by our very competent personnel.

[A] Dances, teaching grace and charm, better the social advantages of our models. Energy and time are required to teach perfection.

[B] Problems are often solved by genial talks with executives. Here we have an example of the friendly atmosphere at Rewot & Egdirb.

[C] A solution to a perplexing problem is discussed over a cup of coffee by the President and an associate. Could you be their subject?

[D] Smooth assembly lines mean hours of overtime and work for most of Rewot and Egdirb's personnel does not end when the whistle blows.

[E] Time and excellent workmanship blended together, go into the many cherished objects found in the woodworking shop.

[F] These young printers will carry on their activities looking foreward to the day they will enter the profession well prepared.

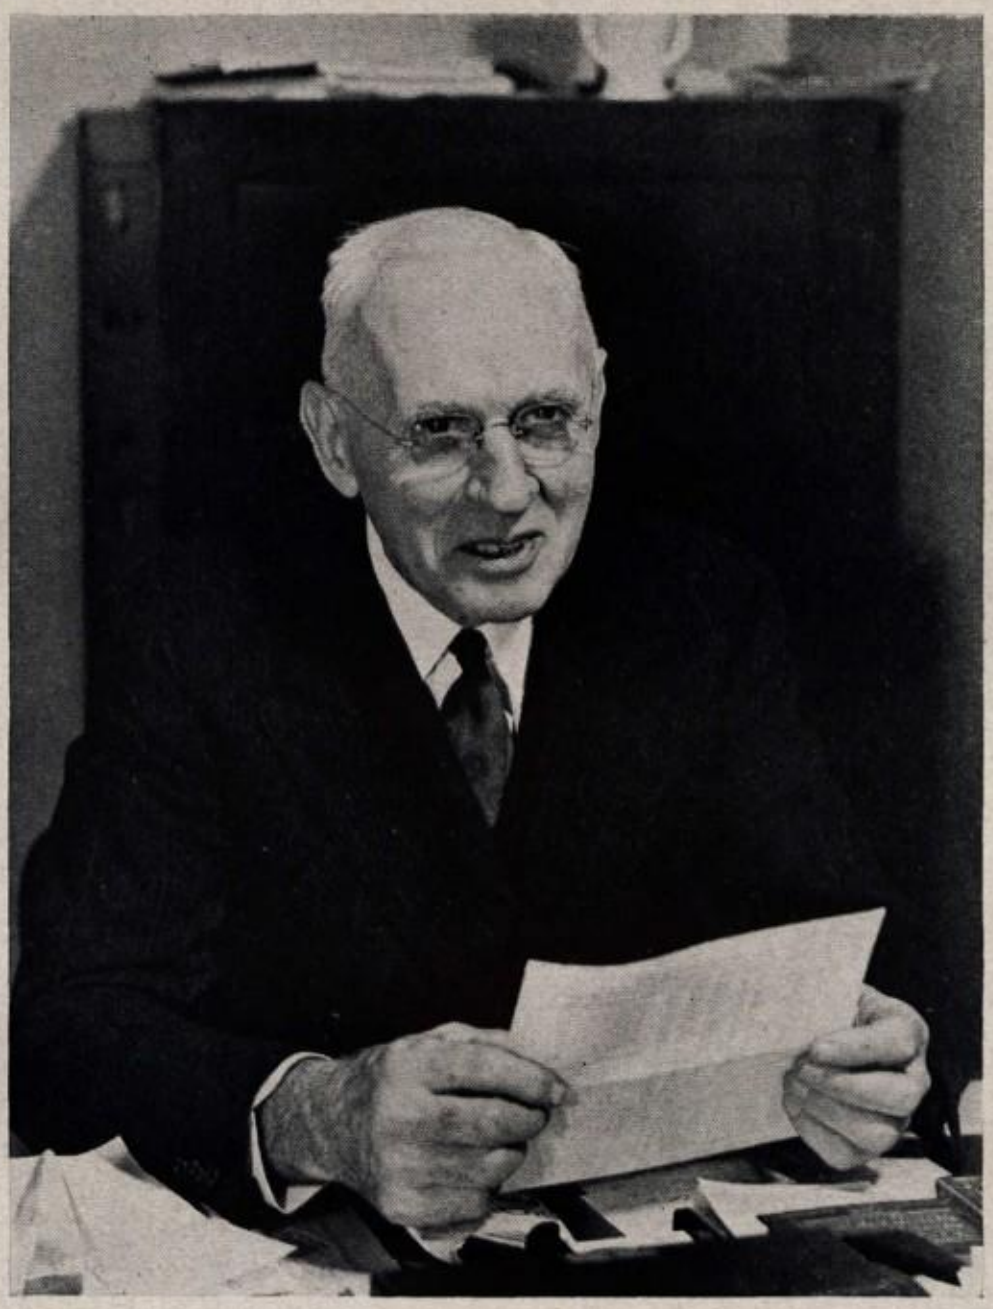
P R E S I D E N T



To the Stockholders of Rewot & Egdirb:

There have been some drab years marked with sacrifices, but through these our firm has learned to face the future with confidence and hope. It has been difficult to maintain our usual fine stock for trade, but thanks to the help of our stockholders all over the world, we have come through. Things are in a way easier now, but it is fatal for a business to coast. We must work harder now than ever before to better our products. We are all a part of success. Let us keep busy.

Wallace Peoples

S A L E S M A N A G E R

During the years it has been my pleasure to act as Sales Director of Rewot & Egdirb, I have worked to make a success of this enterprise by stressing a spirit of cooperation. From the raw material to the finished product we strive for perfection. We welcome a large turnover annually in our sales. To us an ever increasing output shows a satisfactory service in the best interests of the people.

Rose Elizabeth Acorter

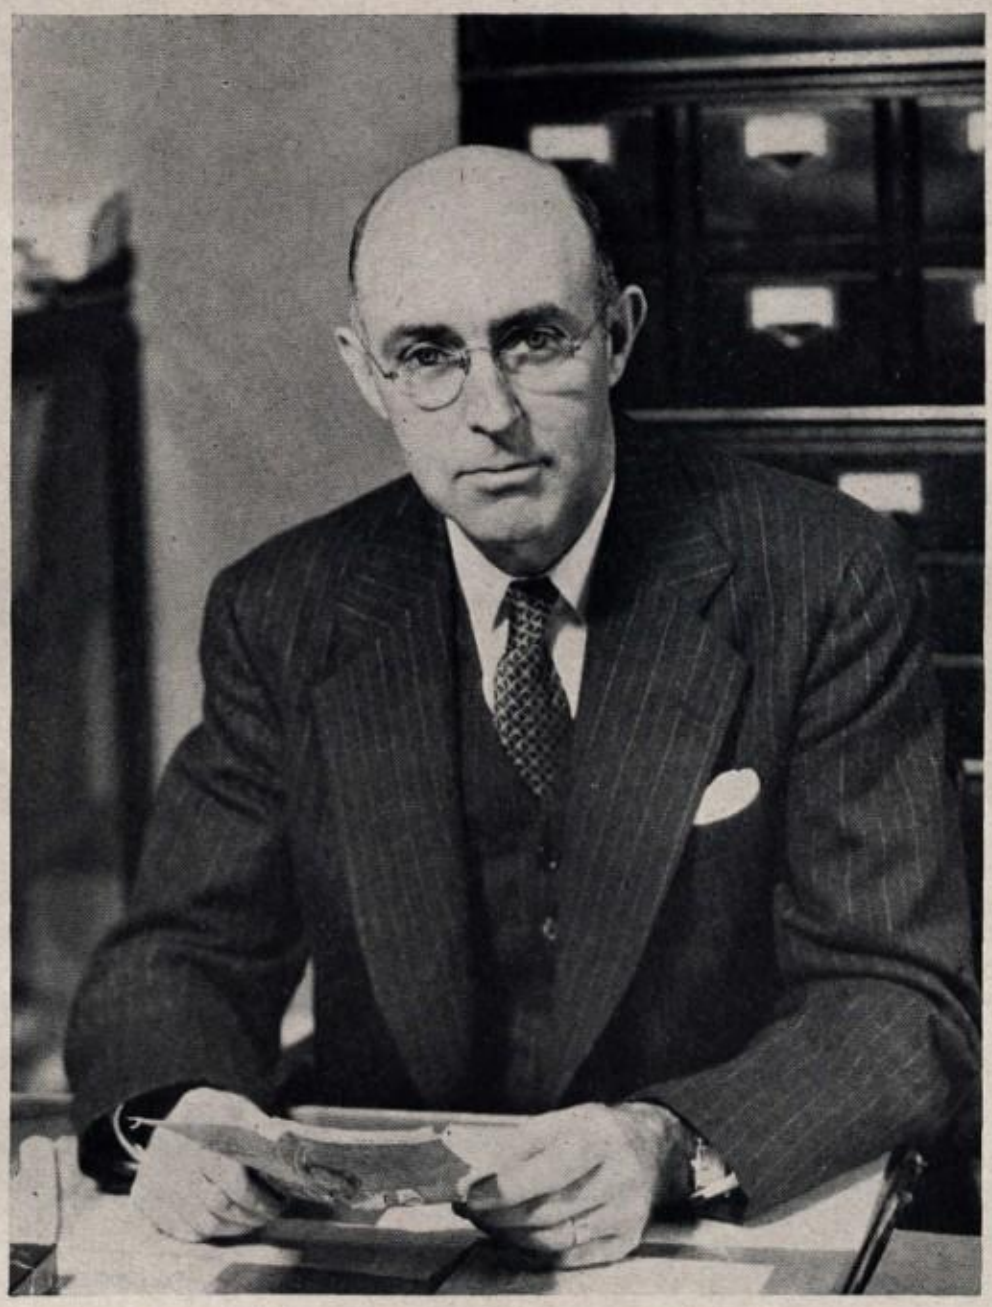
Rewot & Egdirb's branch office is located behind the triumphal arch of "Withrow Junior", and houses five hundred enthusiastic young hustlers under the supervision of the manager, R. G. Wilbur. Loyalties, social adjustments, and other traits of the highest type of mental and physical power are produced in super abundance. A plant of excellent planning, it invites investors seeking dividends.

R. G. Wilbur

VICE-PRESIDENT



Rewot and Egdirb products are kept to a high standard. The raw material is largely from the Eastern portion of Cincinnati. The material is processed by competent craftsmen under careful supervision in a beautiful modern plant. Each creation receives individual attention, careful adjustment and frequent inspection. No two of our units are ever identical. We can recommend our products for various functions: some may serve routine needs while many will meet highly specialized demands. Specify Rewot and Egdirb.

B

Developing maximum quality in material at hand.

A Arthur Vigård, friend, counsellor, and advisor of Rewot and Egdirb's newly-arrived material, derives great satisfaction from his job assisting in many ways the workings of our superior assembly line.

B Under the direction of Miss Murphy, Rewot and Egdirb's smaller sizes are changed from blueprint to product. Quality goods are assured for all merchandise receives her careful attention and consideration.

C

D

Expert suggestions help the production process.

C For our Elegant Essentials we employ an expert inspector thoroughly trained in dealing with work still on the assembly line. Miss Hall specializes in helping decide where the raw materials will be most useful.

D To Mrs. Konrad, assistant sales director, falls much of the detail work of our efficient sales department. Compiling and checking statistics concerning production, supply, and demand is just one of her duties.

Hub of Our Industry

Secretary to the President of enterprising Rewot & Egdirb is Miss Wanda Hoefle. The little lady tackles her job with an extra amount of energy because she is one who inspects each product as it nears completion, and who stamps "approved" on that product as it leaves our plant to serve the world usefully.

Wheels in Machinery

One of the busiest places on any day of the week is the main office of Rewot & Egdirb. The members of the office are many in number with numerous tasks for all. The duties of the staff consists of answering phones, issuing daily bulletins, assorting mail, and answering any questions connected with the running of Rewot & Egdirb. True, the office workers are continually pressed for time, yet there is never a question that they will not take time to answer, and never a confused person whom they are not willing to counsel. Passing the door of the office one can not help being attracted by the activity of the staff. The steady clicking of typewriters, the ringing of phones, and the murmur of voices busy, but friendly, rise upon the air. It can truly be said that cheerful cooperation and serious sincerity are valuable assets to Rewot & Egdirb.

MARTHA ALLEN

Ⓐ By working early and late with efficient assistants, many of them stockholders, Miss Martha Allen, with charm, capably supervises the message center, clearing house, and dispatching service for the busy firm of Rewot and Egdirb.

Ⓑ JANE CRAMER

Ⓑ Miss Jane Cramer, secretary to the vice president, fills an important position in the personnel organization. Efficiency, incentives, and reduction of absenteeism are among her duties. Her motto: "Smile and the world smiles—"

Ⓒ MADELINE BERLING

Ⓒ Madeline Berling, herself a product of Rewot & Egdirb, is a fitting addition to our branch office staff. Among her many duties are writing the daily bulletin, discussing problems with employees and clientele and being cheerful.

The office staff's co-ordination, excellent service, and good-natured humor insure smooth, perfect production.

This is an insight into your teachers' lighter moments away from those "classroom classics."

Like everyone else Mrs. Dorothy Walker Scott enjoys receiving mail.

The fate of young hopefuls depends upon the decision of smiling judges and their colleagues.

Fresh eggs, the chicken variety, are periodically supplied by Miss Maxine Walker.

FROM THE ASSEMBLY LINE AT REWOT AND EGDIRB COMES THE FINISHED MODELS IN ATTRACTIVE FORM.

A If the workings of the human mind were this simple, personnel would be saved much time and trouble; and investors, much anxiety.

B These chemicals aid in polishing of articles on the assembly line. We assure our patented Royal Gloss to be permanent.

REWOT AND EGDIRB

Introduces

REWOT AND EGDIRB POINTS WITH PRIDE TO ITS POST-WAR MODELS, SHOWING BUYERS THINGS TO COME.

[A] If one is failing in some aspect of special technical training, willing, helpful companions readily see that one "gets the point."

[B] "What did he say then, dearie?" is often the breathless query during the home room gab-fest after that Saturday night "heavy date."

[C] Compatibility is essential to smooth, even faultless production, but "boys will be boys," and don't you love 'em for it, kiddies?

[D] Waste baskets, essential in keeping our plant clean, are, therefore, essential in our production. Someone get one for this boy.

[E] Perfect assemblage is absolutely necessary to produce a desired effect. To insure success we furnish a complete assembly line.

[F] We're "bus-ting" with pride and joviality over our extra-special smaller sizes, known far and wide for their effervescence.

Jaunty Juniors

Our Jaunty Juniors near completion on Rewot and Egdirb's assembly line.

After four years, our deluxe models will leave Rewot & Egdirb's assembly line making way for the juniors who will follow their course to perfection. It will not be an easy task, but the juniors have what it takes to make a go of it. They are hard workers, ambitious, and good leaders. The larger of our smaller sizes and still on the assembly line, they will be our next deluxe products. From them will be chosen the class officers and the senior council, who, we are sure, will carry out their responsibilities with distinction. Their officers are chosen from our better stock to represent us. They must be flawless in coming off the assembly line. Their nineteen forty-seven models will be found among our junior personalities, ready to serve Rewot & Egdirb. Three long years we have carefully processed these materials, waiting for the day they will be all ready to be put on the market. We feel certain that consumers will be well satisfied with our results and productions will boom. These juniors are really fine stock we have in store, and Rewot & Egdirb backs them up one hundred per cent.

TO OUR FRENCH PATRONS WE OFFER THE LAST WORD IN UNDERSTANDING.

Elegant Essentials

These Elegant Essentials are promising a good year in the near future.

Here at the large industrial center of Rewot and Egdirb constant changes are promoted to better and perfect the personalized products now on the assembly line. From the time the raw materials reach the factory until the day the delicate designs leave the assembly line, skilled artists mold them and shape them into creations Rewot & Egdirb is proud to give to the world.

On these pages, Rewot and Egdirb takes pleasure in presenting its Elegant Essentials. They have completed two of the four years our skilled craftsmen need to turn out superb best-sellers. These models present a different picture today from the one two short years ago when they entered the production line of Rewot and Egdirb. They were crude green raw materials then. The world was burdened by war that year and Rewot and Egdirb was turning out products to be used in the defense of freedom. In spite of labor shortages and lack of equipment Rewot and Egdirb did not cease producing the same high quality merchandise. Now our nation is at peace and the Essentials will soon become citizens and leaders of the world of tomorrow.

Carefree Casuals

Showing the effects of a year's careful styling, our Carefree Casuals.

The first step in the process of turning raw materials into the finished products has been completed. Hard work, ingenuity, and perserverence have produced high quality merchandise. There are occasional mid-year knots in production, but a fine grade of goods and quality workmanship have helped to overcome the difficulties. When the products are inspected finally, they are "tested" and "graded." The fact that they will serve various purposes in many parts of the world is taken into consideration and necessary adjustments are made as early as possible. This year's stock affords a variety of styles. Although a basic pattern is followed, the natural beauty of each product is emphasized with artistic touches which makes it attractively personalized. We are able to present to you a large assortment of designs, colors, and sizes as a result. Among this year's collection there are utilitarian and ornamental models, some gaily festive and others smartly tailored.

We have a feeling of pride as we look back over trials, problems, and successes, knowing that Rewot and Egdirb has created a product of lasting value and beauty.

ELECTRICAL WORK IS AN IMPORTANT PHASE IN THE CONCERN OF REWOT AND EGDIRB.

Subchaser's secret patrol.

Perfect recipe for perfect cooks. Take one excellent instructor, any number of eager young girls and put together in well-equipped kitchen. Season well with actual practise and allow to mellow for a semester. The finished cooks are worthy of any connoisseur and capable of any cuisine.

Here you see the Tiny Tots on their way to our big oiling device built into the main building where one can see rows of Tots waiting to be filled. Oil in the cogs of machinery keep them in good running order and thus, lunchtimes serve to reinforce our Tiny Tots against strain.

It may come as a surprise to you but Rewot and Egdirb sells geographical supplies. In fact, we have in stock a very fine selection of maps—beautiful maps—such as those you see pictured here. Our globes, the common variety of which can be found in the lunchroom, are incomparable.

We doff our hats to the camera-man who does a daring double take while he endures the dangers of double talk. He must do the impossible and does!

Introducing ourselves! We honestly hope that someone will remark, "Never have we owed so much to so few." This small group of individuals has assumed the responsibility for all rewrites on the company, its policy, its products and by-products. We alone are to blame. Although this Rewot and Egdirb business may appear simian to you, it is serious for us. What we may not know about large corporations and catalogues we have concealed carefully with casuistry, we hope.

To the business staff of Rewot and Egdirb must go the credit for this catalogue itself. Without efficiency and economy of management there could be no catalogue. Mr. Rhollans and his excellently chosen executives carry on the campaign until they enroll all possible subscribers, old and new. Their job is to accentuate the positive and eliminate the negative.

Managers work to sell more and more copies

Tower News Business managers diligently sell ads, pay bills, and advertise their All-American paper. After expertly using their knowledge of salesmanship to circulate 28 issues, they close the ledger for the year.

Under the guidance of Miss Gladys Bahr and Mr. Harold Sherman, Tower News is edited and sold. Miss Bahr lends helpful assistance to the Business Staff, while Mr. Sherman adds his humor and advice to the Literary Staff.

Typists, artists, and salesmen comprise the Business Staff. Each year they conduct a successful campaign to raise money for Caney Creek. As another service, 200 copies are sent weekly to Withrow boys in service.

Editors strive to make Tower News better.

Assigning stories, tracking down news, then editing and marking copy represent just a few of the never-ending duties of page editors. With willing smiles they help present reporters become future editors.

After school, at home, between classes, and during study halls, Tower News reporters keep their noses for news to the literary grindstone. Every week, loyal writers fill four pages with sports, features, humor and news.

Especially constructed

During the war many manufacturers found music to be an aid to production. Since its founding Rewot and Egdirb has carried out this idea. Many musical organizations, among them A Cappella Choir, contribute to the pleasant cheerful atmosphere. For years, under the expert supervision of Mr. Leo H. Grether, A Cappella Choir has brought the joy of beautiful music to many at Rewot and Egdirb and in the surrounding

territory. This year, however, after the beautifully performed Spring Concert, Mr. Grether left for his turkey farm in Iowa. Each member of the choir and firm was loath to bid him farewell. We were fortunate in being able to secure the services and talents of Mr. Ansel Martin. We look forward to new and beautiful music from the choir and its able leader, for he has filled our hearts with song.

Fine, feminine voices blended in beautiful song

Beautiful blending makes the difference. Girls' Glee Club has attained incomparable heights through blending trained voices in perfect harmony. Perfection is not attained in "ten easy lessons," but requires hours of practice. The captivating charm of music is personified by the club members. Every year Rewot and Egdirb points with pride as the organization participates in assemblies and in the Spring Concert.

The Boys' Glee Club-Vital to Withrow's music

The Boys' Glee Club, which yearly lends its talents to many affairs at school, was in true form this year when it participated in the Christmas Program and in the Spring Concert. It is from its ranks that the Minstrels chose the Male Chorus. The Boys' Glee Club specializes in numbers with a definite rhythm such as negro spirituals and folk songs of many nations. From Glee Club a boy may graduate to a position in the school choir.

A well directed orchestra is outstanding.

Box office closed! House sold out! These will be the signs soon to greet the patrons of the Arts at Rewot and Egdirb, when the true importance of the orchestra is recognized. "Doc" Behrman, director of the company's orchestra, a talented and sincere musician, has just returned after an impressive finale of March Military by A. Marine. He has tried in a few months to select and so arrange the string, wind and percussion instruments that their quality might please the most sensative mortal ear.

Songs, humor, and dancing.

Sixteen years of Minstrel history have seen many great performances, but none as entertaining as the production of 1946. Joyce Schwettman's fine coloratura voice added new splendor to Strauss's "Blue Danube;" Dick Coler and Arnold Morelli, as endmen, provided many hearty laughs; the superb dancing of Pat Gocker and Barbara Boone gave a touch of rare grace and charm.

Comedy dance routines, blended male voices

In fantastic costumes of doubtful vintage and origin Jeanne Binder and Sandra Schmidt presented hilarious comedy numbers. Ed Bockstiegel, interlocutor, and Bud Steele, male chorus member, are shown here in conference about overtones, harmony, and pitch.

Squaw Make Big Dance

Undoubtedly, one of the most unique and colorful item on the Minstrel program was the "Indian Fantasy." A smooth blending of dancing and singing, the Fantasy was highlighted by the performance of diminutive tap artist Beverly Bredemeier who stole the show with handsome costume and intricate footwork.

With hatchets in hand the pony chorus, represented here by Myra Lettow and Jackie Jefferies, made convincing Indians.

M. Gosiger, V. Fussenger, S. Church, M. Kjellenberg, B. Huchinson, B. Roemer.

The show goes on, but not without these people

The music begins and onto the stage dance ". . . such stuff as dreams are made on . . ." Glittering, dazzling, dancing to the tune of "Put That Ring on My Finger." They are better than ever and that's a job 'cause the ponies are always tops.

Just as important to the Minstrels as the star soloists is the costume committee. Their results, witnessed by thousands in the audience play a part in giving that professional air to this annual production at Rewot and Egdirb.

Behind scenes-in spotlight with chorus, minstrels

Drums rolled, the trumpets blared, lights lowered, the audience hushed, and the 1946 Minstrels began. As the orchestra played the lively "There's Going To Be a Great Day" ponies previewed the enjoyment ahead in the opening dance.

Presenting the people behind the scenes—the crew. Putting on the Minstrels would be an impossible job without a willing and efficient crew. A host of duties contributing to the final magnificient show are performed by them.

Thalian adds a truly dramatic touch

Some of the most expressive of Rewot and Egdirb's products are classified under the heading of Thalian. These highly dramatized ensembles are favorite features locally. Because of their distinctive qualities they are selected from a large group of samples. Much individuality is added to the products chosen; at the same time, pleasure afforded to consumers is unestimable.

e Thespis Mill models accomplished actors.

Gilt-edged, all-wool, satin-lined completed products of the Thespius Mill are stamped for delivery with "Withrow Players." Early in the famous Rewot and Egdirb secret process, "dramaticonversion," the raw materials are dipped in a large vat of wit for a carefully charted amount of time, and after a delicate sprinkling of just the right amount of pathos, are allowed to boil in the comedy cauldron. Following is a rest process, which includes recreation provided by a dinner dance, and later, a picnic. The final test of endurance and capability is the sending of the new products through the "opening night machine," in which they are allowed to simmer gently for some time, are placed in a chaotic state, and then are gradually returned to a slow burn. They are placed under the most careful inspection, and if approved by the Board of Judges, are stamped with the Seal of Applause. In case of a crisis in availability of raw materials for the 1946 Thespian venture, all male orders will be promptly filled.

To bring Gens Togata to the public eye, its promotion head organized a well-planned program which was presented in June. The play, "Orestes, the Avenger," served as ample advertisement for the department, along with the banquet at which it was given. This was just a sample of the host of products that originated in ancient Rome. Because it yields fine and lasting satisfaction, Gens Togata is one of the departments most visited in our company. The Togaed Tribe, now in its fifteenth year, supplies the necessary conditioning element in the required perfection of products.

Special Sale . . . two for the price of one! Membership in Spanish Club entitles you not only to worthwhile knowledge of Spanish speaking peoples, but also furnishes all the pleasure you can use. Eminent authorities have proven this fact beyond doubt by gathering enthusiasts together twice monthly. Their findings prove conclusively that Spanish Club offers two distinct advantages—profit and pleasure. Activities are shown in organization pictures which appear on this page. Beta Hi-Y, exclusively masculine, is guaranteed suitable for work and play—Rewot and Egdirb big value.

As this photograph clearly demonstrates, Beta Hi-Y is exclusively masculine, and is guaranteed suitable for work and play. A Rewot and Egdirb big value. Character counts! Rewot and Egdirb is proud of Beta Hi Y's continual high standards. This organization emphasizes qualities which are of permanent value.

"Knit and the club knits with you, but sit and you sigh, sweet Sue, for the girl worth while, can purl one and smile—"

Size alone does not determine value. We offer in evidence the Knitting Club. It has successfully undertaken several projects. This sweater set definitely adds value and style to our organization. A choice of "colorful patterns" is offered by the club. The designs are similar to picture.

Literitas offers superior, lasting training

Rewot and Egdirb, realizing the importance of the first two years on the assembly line, has created an exclusive by-product, specifically for those Carefree Casuals and Elegant Essentials showing most promise.

By original composition work, and the study of authors and their works, members of Literitas increase in knowledge and culture. Those who are chosen as officers gain experience valuable in later years.

Garden-fresh, vitamin-rich by-products are the desire of such organizations as Rewot and Egdirb, which promotes fresh air and the sunshine together with classical knowledge. Medical science says thousands have physical and mental borderline anemia. If you envy others their vitality join a health club. Such is the Nature Club, as it beckons teen-agers to the bounty of the birds, the bees, and the blossoms. While it betters the beginner's botany, it bewitches the blase with the telea polyphemus, the aurora borealis and terdus merula—the white moth, the northern lights and the common bold bad blackbird to you.

Photogenic, photochromography, and photoheliography form part of the new vocabulary for Camera Club fans of Rewot and Egdirb. Members enjoy learning when a face or figure has qualities which photograph well; how photographic images are reproduced in color; why a telescopic camera depicts solar spots. So the Camera Club welcomes amateurs who like to try a new angle that may increase their fun along with their fund of words. "Don't shoot until you can see the whites of their eyes" is no slogan of these photographers. An executive of this company was heard to cry, "Shoot if you will at this old gray head."

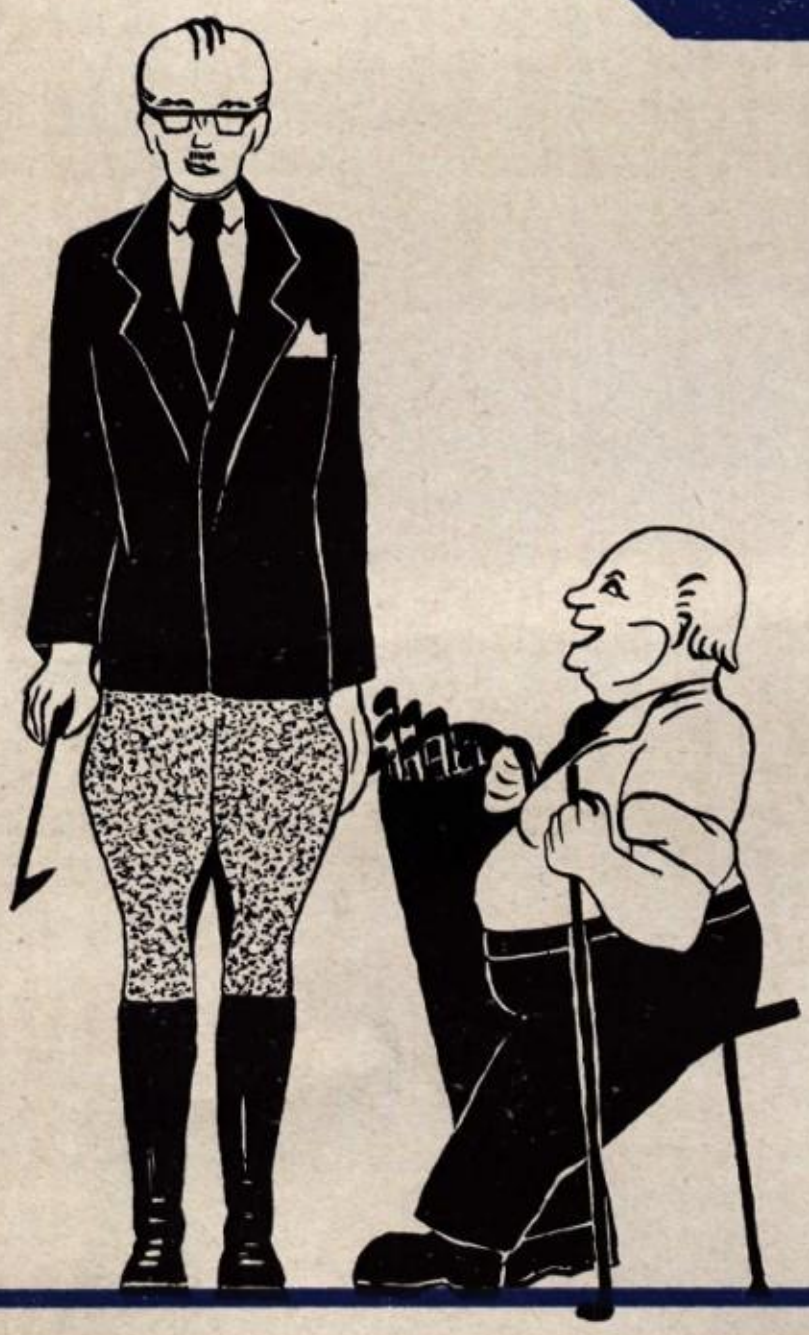
REWOT AND EGDIRB

Presents



Forward men! Do not falter or retreat! Onward to victory! Carry the glory of our name to all quarters!

[A] The remark that our "basketeers play all over the floor" is true in more than one sense. Our boys always come through on top!

[B] Neither mud, nor rain, nor jeers, nor opposing tackles, bulging muscles can turn our worthy ball carriers from appointed goals.

[C] Orange and Black colors bedeck our amphibious representatives in swimming meets and in city league tests throughout the firscal year.

[D] Exercise and instruction on the Rings inspires poise, gracefulness, smoother working muscles, (it says here) and aching backs.

[E] Proud moments, memorable ones; humility soon forgotten; a taste of the sweet and of the bitter as football season rolls around.

[F] Rewot and Egdirb's fast tracksters might not be able to boast twenty horsepower but, after all, they don't have carriages to pull.

Football Display Program

Withrow Tigers launched the '45 football season by defeating Hartwell on our field with a score of 32-0. Highlight of the game was Al Worthman's successful 45 yard struggle for a touchdown.

The Central Hornets were downed by our eleven, and the second game of the season was finished off with a 36-0 score. Ollie Hardin was forced to leave the game because of minor leg injuries.

Our fighting Tigers took on, for the first time, the Xavier team under the lights of X. U. Stadium. The outcome of the rough and close game put Withrow on top with 20 points to Xavier's 7.

Withrow fell from the ranks of the undefeated teams as a strong Elder eleven defeated our team 19-0. The exhausted Tiger team, however, showed fighting spirit until the final horn.

Bowing to their oldest and most bitter rivals by a score of 21-7, Withrow sustained its most heart-breaking defeat. After a hard-fought, tense battle the Tigers realized they had lost.

Withrow again joined the victor's ranks, by defeating the Norwood team 49-0. The Tigers went on the rampage in the opening moments, and all attempts of the Indians to halt the attack were futile.

Purcell Cavaliers handed the Withrow Tigers their third defeat of the season by a score of 20-0. Penalties and fumbling accounted for much yardage lost, and the Cavaliers crashed on to victory.

Withrow Tigers suffered their first defeat in several years from the Eagles of Walnut Hills. Termed one of the biggest upsets in local gridiron history, the Eagles defeated the Tigers 6-0.

Withrow finished the season crushed by Western Hills 13-6. A close, exciting game, it was won in the last minutes by the opponent's aerial attack. It was a sad climax to a rather low season.

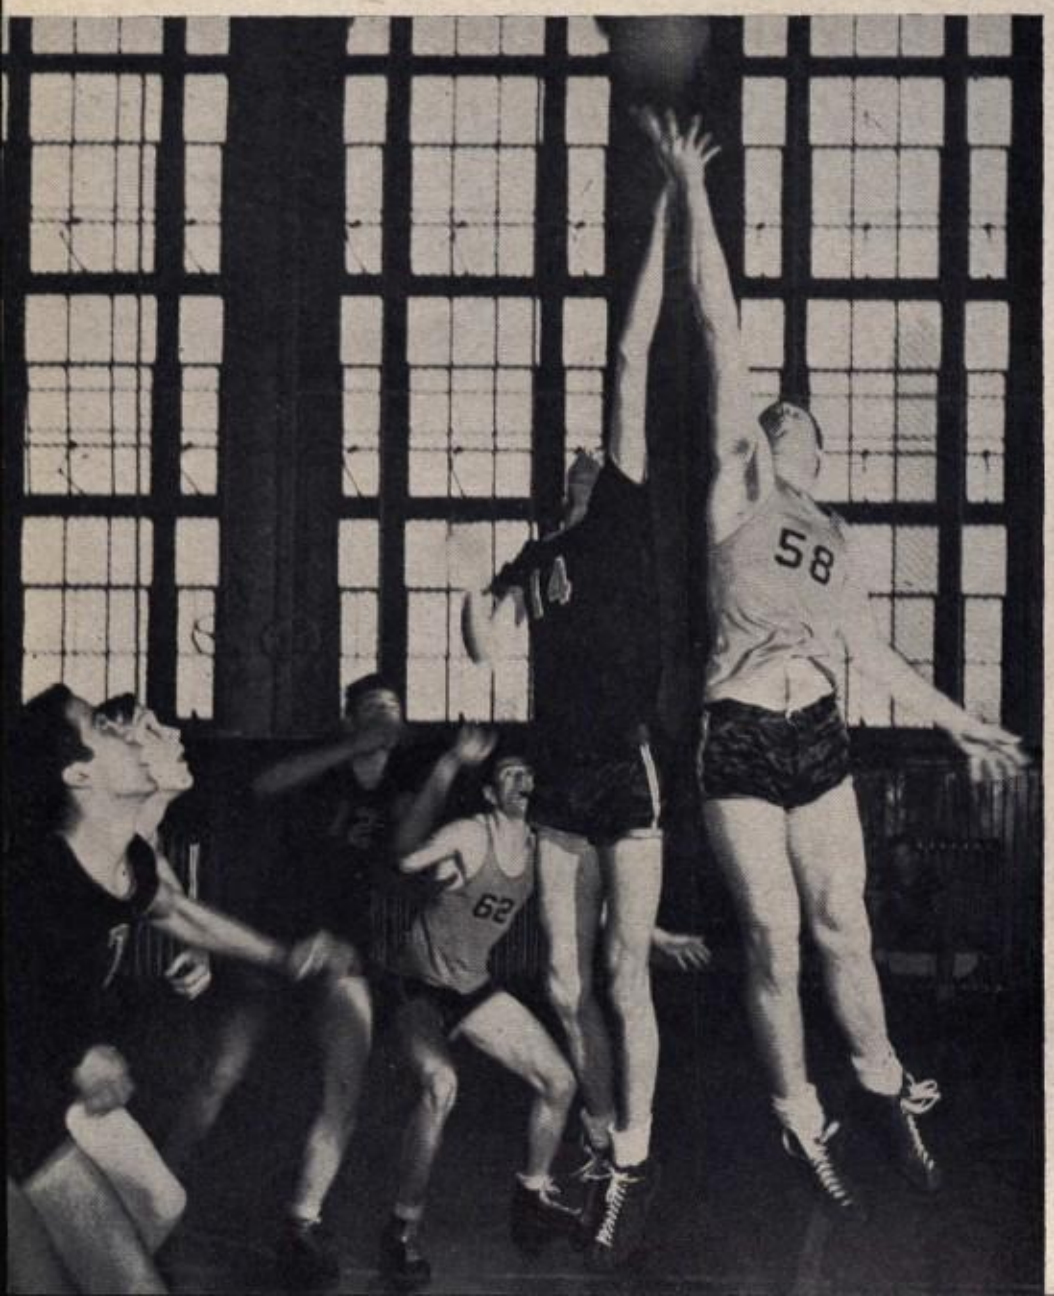
Precision instruments of guaranteed endurance



"Everything that goes up must come down."

Rewot and Egdirb offers A-1 pleasure in the form of a distinctive and outstanding Basketball Team. Fancy footwork and accurate aim are prerequisites of a winning score, and our boys furnish these. As the picture illustrates we carry a variety of styles, but as their results show they harmonize perfectly. Satisfied customers laud our team as the height of entertainment and fine skill.

A high aim and high hopes are revealed.

Behind the scenes of Rewot and Egdirb's basketball is the reserve squad. Agile and gifted with athletic ability, they emerged victors in many contests with other second teams. Many firms display "irregulars" which are not inferior but lack the final touch of perfection. These boys show great promise, and when they step into the shoes of the departing regulars, fine sport is due.

Better Service For All

Good telephone service requires more than instruments, wires and central office equipment—more even than operators, linemen, engineers and installers . . . it also requires the thoughtful cooperation of the men, women and young people who use it. Short conversations, courteous sharing of party lines, being sure of your number before calling, and similar practices are essential to good telephone service.

We in the telephone industry are constantly striving to provide a high quality system to serve the needs of our community, but the degree of satisfaction the service affords depends much on how it is used.

An Emblem of Strength and Character

The Senior ring encircles the heart of every Withrow Student. It is an emblem of that achievement which comes through toil, and of that happiness which grows from achievement. Combining excellent design with school sentiment the '46 class ring is a constant reminder of the days in which the seniors applied their, "hearts unto wisdom."

Growth and Expansion

Seventeen years of service to the community of Mariemont and the entire eastern part of the city of Cincinnati has made an excellent background for the finely equipped Mariemont Laundry & Dry Cleaners.

And so at WITHROW—even as our 1946 graduates daily prepare to take their respective places in the industrial and social life of a peace time world—we at Mariemont are glad to announce that in a very short time our new expanded plant will be ready to serve you even better.

For whether it be the ambition of a few to better serve its community or the desires of a graduate to live successfully—it is the progress that counts.

PRINTING becomes a fine art when the layout of white space and type-face areas balance the half-tones, called photographs.

From Cover to Cover

To the Cover Manufacturer, the cover is all important. Its color and design, its strength and durability must last throughout the life of the Annual. To the designers of the book, the beauty of the printed page and the continuous flow of interest in the theme are above all else.

Gracie Stevenson, of the Annual Art Staff, has created Rewot and Egdirb, the imaginary characters, who are in reality the land marks of Withrow. These characters carry through the idea of the book which is a take-off on a Sears Roebuck Catalog.

This unifying action takes the form of photographs of the Tower and the Bridge on the cover, so that FROM COVER TO COVER the Annual tells one story.

For 12 years we have helped Withrow staffs design their annuals. For 12 years we have dramatized and photographed school life at Withrow. For 12 years Withrow Annuals have been awarded the highest honors in the year book field. ONE OF THESE BOYS IS DESTINED TO SUCCEED

The student or trainee who soon will be a lathe operator in industry is joining a proud group of craftsmen—skilled technicians who have contributed much to America's industrial greatness.

The lathe, whose origin is lost in antiquity, is the machine tool that has helped America out-produce the entire world.

We salute the future operators and builders of the machine lathe, the master tool of them all!

SEARS ROEBUCK AND CO.

is to the public at large, so Rewot and Egdirb (Tower and Bridge) are to Withrow in particular. Sears, Roebuck and Co. has been a familiar name in American homes from coast to coast since 1886. Sears' catalog has been thumbed and studied in search of household necessities both in the modest cottage and home of wealth.

Sears' catalog, the inspiration for this book, continues to represent a growing and expanding firm. When you think of good merchandise at a savings, today—or tomorrow—you think of Sears.

REWOT AND EGDIRB

Presents

We endeavor to uphold the fine traditions—fair play, honesty, and loyalty—of this, our heritage.

Rewot and Egdirb—Tower and Bridge: those symbols of an institution of democratic education have inspired Tiny Tots, Elegant Essentials, and Jaunty Juniors to strive to become De Luxe Models since Withrow opened its doors in 1919. Realizing that man is capable of building traditions, the earlier teachers brought their firm beliefs in a Democratic Republic into the first class-rooms; and they encouraged their students to take these to their hearts, making them, along with fair play, honesty, and loyalty, a part of the great traditions. With respect, but humor, our catalog advertises:
